

4 December 1964

MEMORANDUM FOR: Chief, Development Branch, P&DS

ATTENTION:

25X1A

SUBJECT: Film Rewind Unit

25X1A

REFERENCE: Memorandum from [redacted] to Chief, Exploratory Development Laboratory Branch, dated 30 September 1964, Subject: Request for Film Rewind Unit

25X1A

1. The referenced memorandum requested design and fabrication of a film rewind unit for PSD/ICB. This was assigned to [redacted] of the Exploratory Development Laboratory Branch on 2 October 1964. The unit was built and is presently in use by the requesting division.

25X1A

2. The final report on this project has been completed and six (6) copies are forwarded with this memorandum. Your attention is called to the recommendations in the report, particularly as they relate to operational maintenance of this machine and replacement of the spindles. This replacement should not be deferred too long. It is suggested that you distribute copies of the report to all those associated with this project in PSD and stress the necessity for prompt consideration of its recommendations.
